HUDSON 38 MK5

USER GUIDE

WELCOME

THE HUDSON 38 MK5

Five generations in, the Hudson was rebuilt from scratch: a reworked 38 mm case, a box-domed sapphire crystal, a polished ceramic bezel and 30 ATM water resistance — a vintage-inspired dive watch to wear every day.

Inside beats the La Joux-Perret G100, a Swiss Made self-winding movement with around 68 hours of power reserve. This guide covers what you need to wear, set and look after your watch.

AT A GLANCE

YOUR WATCH

1	Lume pip · on the bezel
2	Bezel · ceramic, 120 clicks, one way
3	Hour hand · luminous
4	Indices · luminous
5	Seconds hand · stops for setting
6	TPU strap · or steel bracelet
7	Minute hand · luminous
8	Crown · screw-down
9	Date window · date models
10	Sandblasted dial

WINDING & SETTING

Without date, pull the crown fully out to set the time. After setting, push it to 1 and screw it down clockwise. Never unscrew it under water.

0 · SCREWED DOWN

The normal position. Only screwed down is the watch water resistant to 30 ATM.

1 · WINDING

Unscrew the crown. If the watch has stopped, turn it clockwise at least 25 times.

2 · DATE

Pull to the first notch and turn counter-clockwise. Avoid setting the date between 21:00 and 03:00.

3 · TIME

Pull to the second notch; the seconds hand stops. Turn either way. If the date changes as the hands pass 12, it is midnight.

WATER RESISTANCE & CARE

WATER RESISTANCE · 30 ATM

Suitable for swimming, snorkelling and recreational diving. Screw the crown down before the watch meets water and never operate it under water. Avoid hot showers, saunas and steam, and rinse the watch in fresh water after the sea or the pool.

CARE

With the crown screwed down, clean the case with a soft cloth, or with fresh water and a soft brush. Keep the watch away from perfume, chemicals and strong magnets – magnets can make it run fast.

TIMING BEZEL

Turn the bezel to put the lume pip over the minute hand; the bezel then shows the minutes that have passed. It turns one way only, in 120 clicks.

STRAP & BRACELET

The watch comes on a TPU strap; steel bracelets are optional. The bracelet's butterfly clasp has an on-the-fly micro-adjustment to fine-tune the fit on the wrist, without tools. Its links are held by screws – size it with a small precision screwdriver, or let a jeweller do it.

TECHNICAL SPECIFICATIONS

DIAMETER	38 mm
THICKNESS	11 mm, excluding crystal
LUG TO LUG	47 mm
CASE	316L stainless steel
BEZEL	Ceramic, 120 clicks, uni-directional
CRYSTAL	Box-domed sapphire, anti-reflective

JEWELS	24
FUNCTIONS	Hours, minutes, central seconds, date (date models)
DIAL	Jet Black or Midnight Blue, sandblasted, X1 Super-LumiNova
STRAP	TPU; optional steel bracelet, 20 to 16 mm

WARRANTY & SERVICE

WARRANTY

Two years from the date of delivery, on manufacturing defects of the movement, case and crystal. The warranty stays with the watch: a next owner is covered for the rest of the term, as long as we have the original order number.

NOT COVERED

Knocks and drops, water or fire damage, magnetisation, normal wear, and repairs or modifications we haven't approved.

SERVICE

As long as the watch runs well, it needs no service; a full service is typically due every 5–8 years. Request every repair through the service form on maenwatches.com. Under warranty, we cover insured shipping both ways, and a repair never shortens the warranty.

QUESTIONS

support@maenwatches.com – we aim to reply within two business days.
